

# Attend Your Online Appointment in 3 Easy Steps

- 1.** Download “zoom cloud meetings” app from your smart phone’s app store any time before your WIC appointment.

- 2.** We will send a reminder email or a text to your primary phone number on file the day of your appointment. Follow the instructions in the text to prepare for your appointment.

- 3.** Click on the Zoom meeting link from the reminder text a few minutes before your appointment time. Select “OK” when it asks to access both your phone’s camera and microphone:
